

Encounter Collaborative Audio and Web Conferencing Solutions

Encounter Audio Conferencing offers three types of conference calls allowing you to choose the one that best meets your needs.

connect Express Audio: No need to schedule a call in advance. Your dedicated toll free number allows you to hold a conference on-the-fly, anytime, from anywhere for only 16 cents per minute, per connection.

connect Priority Audio: We schedule this call for you. You choose the level of security you need for your conference call. **Priority** calls are perfect for recurring calls that you want to schedule in advance. You get a customized greeting using your company name.

connect Broadcast Audio: For larger conferences, **Broadcast Audio** calls give you all the flexibility you want! The presenters control the call completely and question and answer sessions are easy; you can lock the call, disconnect individuals, and more.

Encounter Web Conferencing solutions are easy and will make your conference calls more productive. **agenda Instant Meeting** and **agenda Silver** and **Gold** allow you to choose the size that fits your needs best.

agenda Instant Meeting is a simple live viewing window – great for product demonstrations! **agenda Instant Meeting** is unlimited web conferencing for up to five people, and includes **connect Express Audio**.

agenda Silver is for up to 15 participants and allows unlimited web conferencing. Includes **Instant Meeting** and **connect Express** for the audio portion.

agenda Gold is for up to 50 participants and allows unlimited web conferencing. Includes **Instant Meeting** and **connect Broadcast Audio**. If your call is smaller, choose **connect Express Audio**.

For more information about Encounter Collaborative Audio and Web Conferencing solutions call our professional Client Services department: **(800) 290-5900** or visit us at **www.encounter.net**

All audio prices are based on a per minute/per connection rate for calls generated from the US and Canada. International audio rates are quoted separately. Participant limits for unlimited web conferencing plans include the presenter. Encounter audio must be used with Encounter web conferencing for all products, except Instant Meeting.

With **Control Panel** You:

- View live connections in real-time as participants dial in or hang up;
- Mute/unmute individually or for all participants;
- Disconnect individual participants;
- Disconnect all lines with the click of one button;
- Unlock/lock the conference for late participants;
- Manage question and answer sessions as if you had a live operator assisting you;
- Access a real-time traffic report delivered at conclusion of your meeting.
